smd 3528 led ir 850nm

Place of origin: Dongguan, China (Mainland)

Model number: AL-S0805IRC-P808-M

Brand name: ALLIGHT

Type: Infrared LED

Power: 0.06W

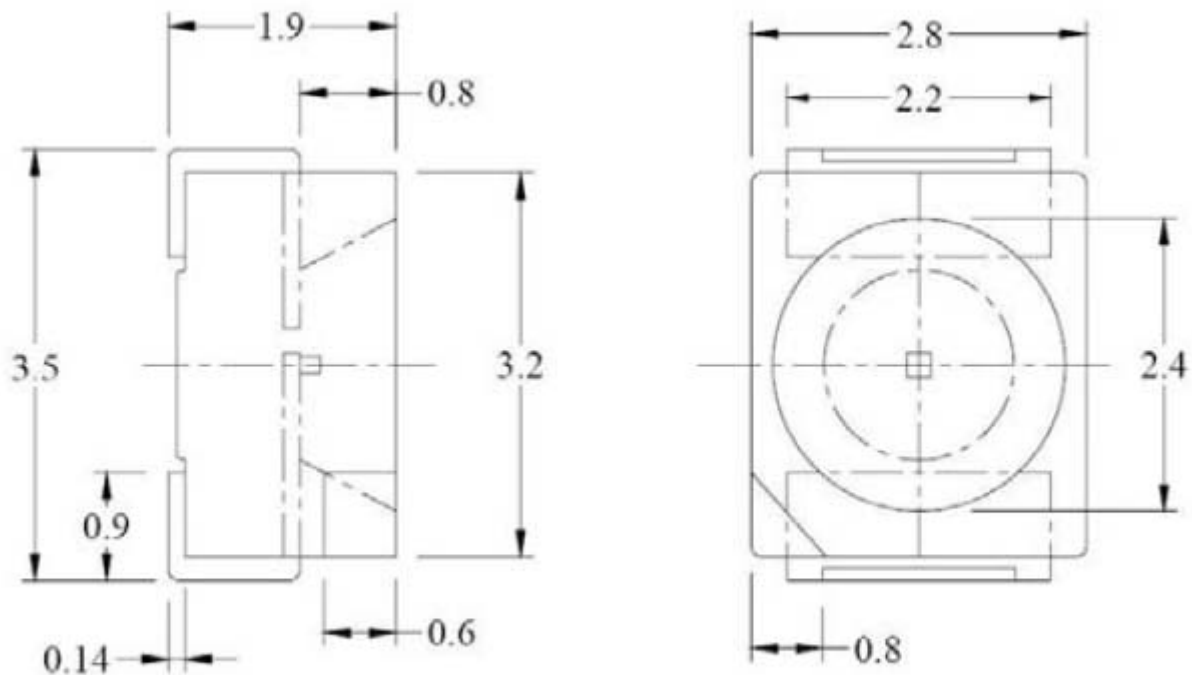

Working voltage: 1.2-1.6V

Working current: 20mA

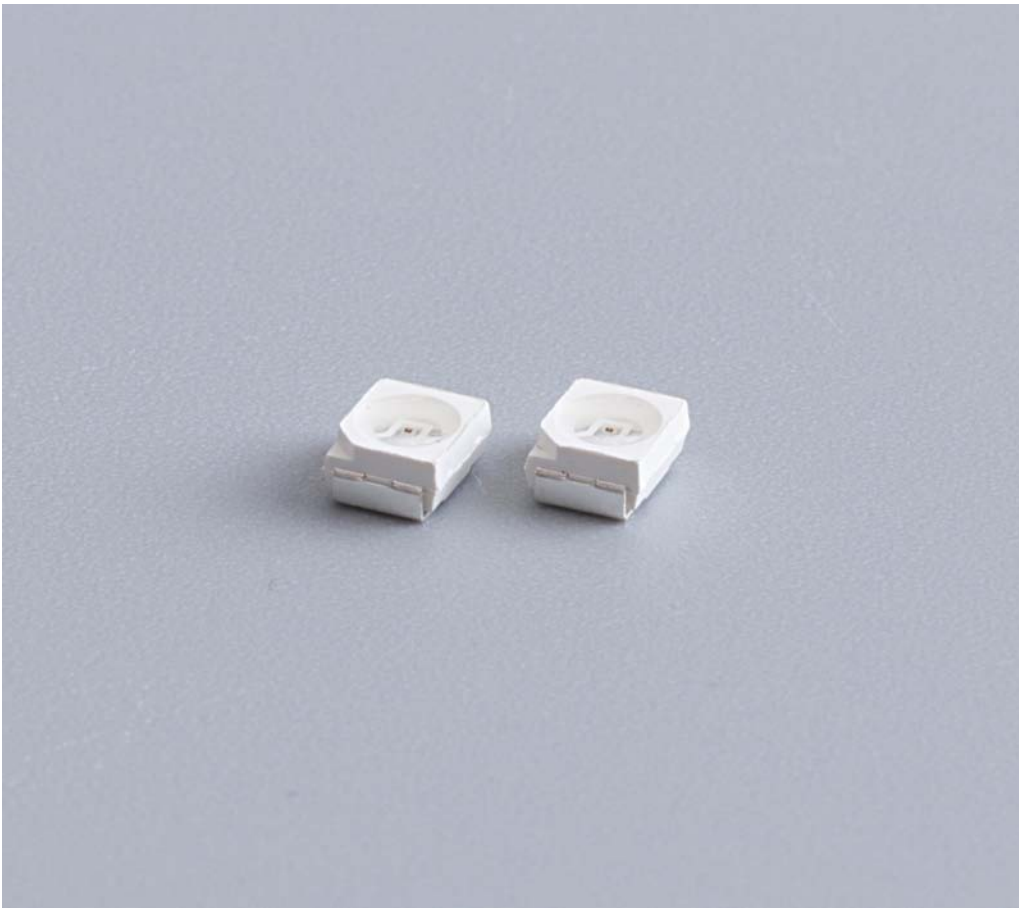

Wavelength range: 850nm

Base material: Pure gold wire and copper supporter

Package Dimensions

Unit: (mm) ; Tolerance: ± 0.25 mm

Item	SMD 3528 IR LED
Size	3.5x2.8x1.9mm
Color	IR 850nm
Working current	20mA
Light-emitting angle	120 degree
Radiation intensity	3-6mW/sr

smd 3528 led ir 850nm Warranty:

Regard warranty, if the product is used in normal circumstances, we give two years guarantee, if the LED have such similar issue of not bright, we will provide you a new one for replacement and bear the freight cost

smd 3528 led ir 850nm Advantages:

1. Product was packed by imported and large-sized chip, with high brightness and high performance
2. Using the 99.99 pure gold wire to weld, so our product have longer life time and stable performance
3. Using the imported and low attenuation glue to pack and getting more than 80000 hours
4. Our product can be widely used in various kind of places such as: lighting, monitor, high-tech electronic products
5. Environment-protection: no toxic metals mercury, no infrared and ultraviolet radiation

smd 3528 led ir 850nm Packing and shipping:

Inner packing: 2000 pieces per reel

Outer packing: Carton box

Delivery: We can send them in 2 days, if we still have stock, and orders normally is sent out by 5-10 days, or according to the quantity.

Welcome to receive your inquiry about our products, we will try our best!
